PULSE

Are you looking for an occupational pension scheme that can help you to earn attractive returns over the long term? If so, then PULSE is the right choice for you. PULSE is suitable for companies with a longer investment horizon wishing to operate an occupational pension scheme for their employees that prioritises returns – including those with only one employee.

The benefits for you

- The investment strategy is progressive and focused on optimising returns.
- You have maximum flexibility in terms of basic pension provision and management pension plans, irrespective of the insured salary.
- Modern online tool offering straightforward management and a transparent overview of your occupational pension scheme.
- Our customer service specialists can provide you with practical support in several languages.
- Our market region heads can travel direct to you. We will be happy to advise you directly at your location.

Your yield-oriented investment strategy

- Money market and time deposits (4 %)
- Domestic and foreign bonds in CHF (8 %)
- Global bonds in FC, hedged (6 %)
- Loans and mortgages (3 %)
- Swiss real estate (23 %)
- Alternative investments (14 %)
- Swiss equities (15 %)
- Global equities (25 %)
- Infrastructure investments (unleveraged) (2 %)

Alternative investments: 14 %

Private equity, ILS, hedge funds, private debt – reduction in risk through low correlation

Real estate: 23 %

Investments in Swiss investment properties with real valuation (NAV, no premium)
